LYNCHINGS PROBABLE

Excitement Over the Foster Murder Near Shreveport.

EDWARDS AT LARGE

About a Dozen Negroes Are Held as Suspects and Only Cool Heads Have Saved Them from the Fury of the Mob.

Shreveport, La., June 13.—The latest reports from the Foster plantation, where John G. Foster was murdered Wednesday, say a dozen or more frightened negroes are still cowering in the Kinnebrew store, surrounded by an armed mob which threatens every moment to lynch the whole party. Prince Edwards, the negro who fired the fatal shot, has not yet been apprehended, and it is the desire to get him that has restrained the mob thus far. The negroes imprisoned in the store are frantic with fright. They are "officially" in the hands of authorities, but they realize their real captors are members of a mob which have guarded every avenue of escape since Wednesday. Foster was a young man and well known and came of one of the first families of Louisiana. A lynching is highly probable.

When the negroes were placed in the store at 9 o'clock Wednesday night a crowd assembled and it was only by the advice of cooler heads that a wholesale lynching was prevented.

The wife of Edwards, the alleged murderer, is among those arrested. She had in her possession the shotgun with which her husband killed Foster. "Prince told the other men to stand back and he would settle the business," she said. "Then he went in front of them and fired and Foster fell."

Shortly after the shooting a posse with bloodhounds set out after Prince, but his capture has not yet been reported. By some it is thought the fugitive, to escape lynching, had committed suicide in some isolated spot.

It is reported that Edwards has been surrounded in the swamps near Belcher by a posse headed by Jacob Foster, the brother of the murdered man, and Overseer Vickers. If caught he certainly will be burned.

Sues for Divorce.

Cleveland, O., June 13.—Mrs. Clara B. Newberry, a daughter of Andrew D. White, ambassador to Germany, has entered suit in the courts at Sandusky against her husband, Prof. S. S. Newberry, president of the Diamond Portland Cement company, of this city, for alimony and an injunction. Mr. Newberry was formerly professor of chemistry in Cornell University. He married the ambassador's daughter when Mr. White was president of Cornell, and the wedding was a memorable one in the social annals of Ithaca. Mrs. Newberry charges her husband with unfaithfulness and mentions several names in this connection. The allegations are sensational.

Younger's Son in Trouble.

Fort Scott, Kas., June 13.—George F. Younger, a son of the bandit, Jim Younger, who has been in the Minnesota penitentiary at Stillwater for 25 years, was brought here by federal authorities and locked up on the charge of financial crookedness at Nowata, I. T. He has letters from Vice President Roosevelt, in whose Rough Rider regiment he fought at Siboney, El Canay, Las Palmas and San Juan hill, and he has papers showing that he was promoted to a second lieutenant. This was for the capture of a Spanish prisoner who was afterward given back in exchange for Hobson and his men. He claims his arrest is spite-work.

Will Aid Machinists.

New York, June 13.—Samuel Gompers has made the following announcement to the Washington correspondent of The Herald: "The American Federation of Labor will aid the International Association of Machinists in every way within its powers in its contest for the 9-hour day."

Congratulation from the Kaiser.

Boston, June 13.—Among the pleasant features of the Young Men's Christian Association Jubilee convention now in session here was the receipt of a message from the German ambassador at Washington, transmitting a cable-gram of congratulation and sympathy from Emperor William.

Declared a Bankrupt.

Berlin, June 13.—The run on the Dresden Credit Anstalt continues. The directors have resolved to declare the concern bankrupt. According to a dispatch from Dresden to the Associated Press this bankruptcy will effect about a dozen smaller industrial banks and electric companies.

To Work Asphalt Beds.

Comanche, I. T., June 13.—The company, which recently got a 50 years'

lease on the asphalt beds near this place is preparing to begin work immediately. The asphalt is of the soft sand variety, which is especially valuable because of its rarity. The company is composed of residents of this place and Kansas City.

No State Militia Ordered.

Cheyenne, June 13.—Governor Richards denies the report from Helena that the Wyoming militia have been ordered out to suppress the rebellious Arapahoes. Word from the agency states that the Indians are quieting down.

TEXAS NEWS.

Governor Jones Dead.

Sherman, Tex., June 13.—Wilson N. Jones, principal chief of the Choctaws, but of late years a resident and extensive property owner of this city, died late Tuesday afternoon at his Territory residence, 17 miles east of Caddo. He was 63 years of age. He had been quite ill for the last 20 days. His wife and most of the family left Sherman several days ago, when his illness became of a serious nature, and they were with him to the last. The deceased and his family were strict adherents to the teachings of Christian Science and during his illness he was treated by some of that faith.

Charged With the Killing.

Houston, June 13.—Ace Echols, one of the surviving sons of Lon Echols, who was killed in the bloody street duel last week, make affidavits against E. M. Isaacs, George Payne and J. B. Perkins charging each of them with the murder of his father.

James B. Perkins, who was badly wounded, still continues to improve at St. Joseph infirmary.

Ace Echols and his brother, Dave Echols, were placed under \$5000 bond each charged with the killing of Tom Payne.

Pearl Case Affirmed.

Austin, June 13.—In the court of criminal appeals here the death penalty in the case of John Pearl, on appeal from Coleman county, was affirmed. The opinion sets forth that Pearl was indicted by the grand jury of Brown county on Dec. 12, 1900, for the murder of Ed Tusker. He was tried and given the death penalty. He was granted a new trial and a change of venue taken to Coleman county. On second trial he was again found guilty of murder in the first degree and his punishment assessed at death.

Hardeman County Loses.

Austin, June 13.—In the case of the State of Texas against Hardeman county for judgment on \$58,277, the amount of bonds issued by Hardeman county and purchased by the state for the permanent school fund, judgment has been rendered in the district court here for the state in the full amount. Hardeman county made Foard county a party to the suit, and the former county was given a judgment against Foard county for \$15,000 as her pro rata of the judgment obtained by the state.

His Skull Is Bullet Proof.

Corsicana, Tex., June 13.—An incident occurred at the baseball park here and but for the proverbial thick skull of the negro race, it might have proven a tragedy. A white man pointed a pistol with some playful remark at a negro named Amos, and as usual in such cases the weapon exploded, the ball striking the negro in the forehead and glancing around the skull, making a painful, but not at all serious wound.

Boys Charged With Burglary.

Mount Pleasant, Tex., June 13.—Four boys were arrested here on a charge of entering the residence of A. C. Clark and taking a watch and other jewelry. The burglary was committed while Mr. Clark and his wife were away from home. The boys are all strangers here and two of them say they are from Kansas City. All the stolen property was recovered.

Smallpox in Asylum.

Austin, June 13.—Two cases of smallpox were discovered in the colored ward of the state lunatic asylum here Wednesday. State Health Officer Blunt was called into consultation with the officers of the asylum and after due consideration it was agreed to establish a quarantine against the institution. The cases have been isolated and it is believed further spread of the disease among the patients will be prevented.

Charles Bein Dead.

Houston, June 13.—Charles W. Bein, traffic manager of the Southern Pacific company, Atlantic system, died Wednesday afternoon at his home here. The remains will be taken to New Orleans for interment. Arrangements were made for a special, which will bear the remains and members of the bereaved family. The deceased was a native of New Orleans.

Killed in a Saloon.

Houston, June 13.—A negro, Quince Young, was shot and killed in a negro saloon here. The shooting grew out of a recent quarrel. The offender entered the place, drew his pistol and shot twice, one ball passing through the arm and the other through the body. No arrest has been made.

The punishment was inflicted publicly in front of the courthouse by Sheriff Perry of that county. There is a heavy docket and it is probable that there will be other whippings this week.

**The Boll Weevil Fight in Washington
County.**

The co-operation of the farmers
and merchants of this county in the
fight against the cotton destroyer
almost makes a fair crop of cotton an
assured fact. The farmers have been
brought to realize that unless a
strong fight and a great inroad is
made into the ranks of the weevil
that there will be little or no cotton
at all raised in the county this year.
The committee met a few days ago
and elected Mr. Hohlt chairman, ap-
pointing sub-committees, have
mapped out a complete plan to gath-
er the desired information for the
protection of the merchants as well
as the means and methods necessary
to stimulate the farmers to greater
efforts in this struggle.

As a necessary help chairman
Hohlt has issued the following set of
questions to be answered by every
farmer visited:
1. On whose farm?
2. Whose cotton?
3. How many acres?
4. Whether affected by weevils or
sharpshooters?
5. If squares are punctured and if
farmers are picking them up?
6. Are any farmers poisoning, and
with what effect, or are they going
to poison?
7. What is the condition of the
man's crop?

About 20,000 weevils have been
bought to date and the rapid rate at
which they roll in bids fair to in-
crease that number to 100,000 before
the week ends.—Brenham Banner.

REJECT REDUCTION.

But The Hague Tribunal May Yet Take
up the Matter.

Pekin, June 13.—At the meeting of
the diplomatic corps, on Wednesday, a
reduction of the claims, as proposed by
America was definitely rejected.

Secretary Hay's proposal to submit
vouchers for the claims to the tribunal
of The Hague was taken into considera-
tion. If the ministers voice the views
of their governments there is hope of
its acceptance.

Russia made a concession by with-
drawing her opposition which has been
most pronounced.

The tax on salt will be guaranteed to
the powers provided the commercial
consent to the augmentation of the im-
port duties. This was agreed to on
condition that the Chinese government
undertakes the improvement of its harbor
and consents to have the tariff readjust-
ed by an international commission. The
tax on salt, the native customs duties
and the taxes on grain, which have
been conceded, amply guarantee the in-
demnities.

The opposition of America to the pro-
posed international guarantee has not
been overcome.

EXCITEMENT CAUSED.

Anarchists and Socialists Troubled Over
Detention of an Italian.

Barre, Vt., June 15.—There is great
excitement among the Italian anarchists
and socialists in this section over the
detention by order of States Attorney
Hoar of one Eugenio Restoli of Naples,
on the nominal charge of breach of the
peace. He was found under guard of
six Italians, and the story is that he was
accused by the anarchists of being a spy
sent here by the Italian consul general
at New York. Mr. Hoar has asked the
consul general at New York to help him
probe the circumstances.

Last winter Chief of Police Brown
was nearly killed by anarchists and the
trials of several Italians having lasted
for months resulted in two convictions
with long terms of imprisonment. Since
then a spy is said to have been driven
away after being wounded in an at-
tempt to assassinate him. Restoli was
to have been driven away Wednesday
but the supposed kidnapping was re-
ported to Mr. Hoar and he had the police
raid the place where six men had Ris-
toli a prisoner.

JOURNEY IN A SKIFF.

Two Men Undertake to Make a 10,000
Mile Journey Without Sails.

New York, June 13.—Alvah D. James
and Barton H. Holland, two young men
who left Irvington, Va., a small town
on the Rappahannock May 29, in a 100
pound 18-foot paddling skiff, are ex-
pected to reach this city next week.
Their friends believe they are now off
Cape May.

The young men intend to make a
10,000 mile journey in the skiff and to
be gone a year. They are not to use
sails, but are to travel the whole dis-
tance by paddling. They plan to land
every night on the coast through the
surf and to re-embark the next morn-
ing.

From this city the men will paddle
up the Hudson, through the Erie canal
to Buffalo, over the great lakes, then
down the St. Lawrence to the Gulf of
St. Lawrence. From there they expect
to paddle down the Atlantic coast to
Key West, through the Gulf of Mexico
to Texas, where the journey will termi-
nate.

Suicide of Louis Stern.

Berlin, June 13.—Further reliable
news about the death of Louis Stern,
former United States commercial agent
at Bamberg, Bavaria, who committed
suicide on June 10 by shooting himself,
shows he has not made any returns to
the state department during the last 18
months, but if he owes money to the
United States it is only a small sum.
On the other hand, a number of people
in the United States for whom Stern
had collected estates in this country
have entered complaints that he had
not remitted the amounts collected.
Judgment for 2000 marks against Stern
was recently rendered by the Bamberg
court and the deceased committed sui-
cide the very day the 2000 marks was
due. Stern had accepted a fine com-
mercial position at Bamberg, but the
firm nullified the arrangement when it
learned of the judgment.

Cailles Refused to Surrender.

Manila, June 13.—General Sumner
has returned here and reported to Gen.
Wade the failure of negotiations for
the surrender of Cailles, the insurgent
leader in LaGunta province. The Fili-
pino apparently believes he can hold
out, now that the rainy season has
begun.

Disappointment is felt here at the
backward conditions in southern Luzon.
Some insurgent camps have been dis-
covered and destroyed.

Lieutenant Cowan, with a detach-
ment of 50 men, killed five insurgents
near Jovelar.

Several Lives Lost.

St. Johns, N. F., June 13.—The
schooner Czar, bound to Labrador with
fishermen and their families, 70 persons
altogether, was driven ashore on Cabot
island, on the coast of Newfoundland,
in a dense fog and gale Sunday night.
Four men were drowned and six others
injured, but the women and children
all landed safely.

MacArthur Coming Home.

Manila, June 13.—Governor General
MacArthur expects to leave in July for
the United States. He will sail on the
transport Meade for Nagasaki, and after
spending two weeks there will embark
on the transport Sheridan for San Fran-
cisco.

There will be a lively competition among the military bands of the state for cash prizes at the Austin encampment. A member of the Third regiment band of Bryan told the business league in a little speech made by him Tuesday night, about the desire of the Bryan band boys to enter the contest with a good show to win. To do so they need to strengthen their organization by employing musicians from other places. They also need money to finish paying for their instruments. They need all the help they can get, and the citizens of Bryan who bank so strongly on the band helping out various enterprises started and various public meetings in prospect, should be ashamed of themselves, one and all, individually and collectively if they do not assist the band boys now when they have a chance to win some money and help themselves.

There is now more talk of "sharpshooters" than of boll weevils among the farmers who come to town. Many are buying lamps and setting them in the fields at night, with oil or water in pans under them, and thereby catching many sharpshooters. One man who arranged a lamp over a pan of molasses, caught thirty or forty boll weevils, so he claims. We believe the people yet underestimate the danger from boll weevils, and will do so until they lose a crop or two. An article in this paper from the Brenham Banner shows how they regard the pest in Washington county, where they have had them before.

THE CUBANS ACCEPT.

Adopt the Platt Amendment Without Any Conditions.

VOTE WAS 16 TO 11.

It Is Expected That the Constitutional Convention Will Adjourn After Formulating Election Laws for the Island.

Havana, June 13.—The Cuban constitutional convention accepted the Platt amendment by a vote of 16 to 11. The resolution to accept was carried without discussion. Immediately after the opening Senors Tamayo, Villuendas and Quesada, constituting a majority of the committee on relations, submitted a substitute statute of the committee's former report of the Platt amendment as passed by congress recognizing that it be accepted and be made an appendix to the constitution. In the vote on the resolution the 27 delegates present divided as follows:

In favor of acceptance: Senors Capote, Villuendas, Jos. M. Gomez, Tamayo, Montenegro, Delgado, Betancourt, Giberga, Llorente, Quesada, Sanguilly, Nunez, Rodriguez, Berriel, Quilez and Ferrer—16.

Opposed to acceptance: Senors Zayas, Aleman, Eudaldo Tamayo, Juan Gualberto Gomez, Cisneros, Silvallela, Fortune, Lacret, Portuondo, Castro and Maduly—11.

Senors Rivera, Corresco, Gener and Robau were absent.

The latter two voted against acceptance in the previous division. Senor Ferrer voted with the Conservatives, explaining his change of attitude by asserting that he believed acceptance would be the best solution of the problem.

The convention will now appoint a committee to draw up the electoral law.

OFFICIALS PLEASED.

A Stable Government Will Soon Be Established in Cuba.

Washington, June 13.—The news of the adoption of the Platt amendment by the Cuban constitutional convention was received with genuine gratification here.

Now that the Cubans have demonstrated their good faith in the United States it is expected that a fairly speedy end of the session will follow, contingent only upon the establishment of a stable government in the islands. An effective police force and other measures necessary to the preservation of good order and sanitation are deemed as essential prerequisites in the formation of the new government.

One cabinet officer speaking of the matter expressed the opinion that if the other requirements are met our withdrawal might be accepted during the summer and that Cuban independence might be a reality by next autumn.

Governor General Wood has communicated to the war department officially the fact that the amendment had been adopted.

Granted a Hearing.

Washington June 13.—The supreme court of the District of Columbia Wednesday heard arguments in the matter of the application of Lone Wolf and other representatives of the Kiowa, Comanche and Apache Indians for an injunction against the secretary of the interior and other interior department officials to prevent the issuance of the proclamation opening a part of the Indian lands in Oklahoma to settlement in accordance with the act of congress. The Indians were represented by Judge William M. Springer and the government by Assistant Attorney General Vandeventer.

Officers of the Shriners.

Kansas City, June 13.—The Shriners of North America elected the following officers: Philip C. Shaffer of Philadelphia, imperial potentate; Henry C. Aiken of Omaha, imperial deputy potentate; George H. Green of Dallas, imperial chief rabban; George L. Brown of Buffalo, imperial assistant rabban; Harry L. Collins of Toronto, imperial high priest and prophet; Alvah P. Clayton of St. Joseph, imperial oriental guide;

William S. Brown of Pittsburg, imperial treasurer, and Benjamin W. Rowell of Boston, imperial recorder.

Waived a Hearing.

Chicago, June 13.—Mellville Chester Findlay, who was arrested here Monday on numerous charges of forgery waived the preliminary hearing and was held to the grand jury in bonds of \$2400. Findlay is the son of a Kansas City business man, a graduate of Yale and admits that he has had exceptional advantages in life.

Wanted His Own Terms.

Manila, June 13.—General Sumner has received a notification from Cailles, the notorious insurgent leader in Laguna province, that unless the general agrees to the Filipino's terms, which include the granting of amnesty to the insurgents, Cailles will not surrender and the negotiations on the subject are to be considered at an end.

Relative of General Lee.

Macon, Ga., June 13.—Harry Lee, a nephew of General Robert E. Lee of the southern Confederacy, died here on Wednesday. The deceased was the son of Henry, the elder brother of the general.

FASTEST BATTLESHIP.

The Illinois Makes Over Seventeen Knots on Her Trial Trip.

Boston, June 13.—With the distinction of being the fastest battleship in the world the Illinois lies at anchor in President's Road. Over the government course from Cape Ann to Cape Porpoise and return, a distance of 66 nautical miles, she raced Wednesday, watched by United States naval representatives, and established a new record by maintaining an average speed of 17.31 knots for four consecutive hours. She made a complete circle within 30 yards in three minutes and ten seconds, while plunging through the sea at full speed. She steamed back to her anchorage with a broom at her masthead.

The Night Session.

Philadelphia June 13.—The feature of the Southern Industrial convention was an address Wednesday night by Wu Ting Fang, the Chinese minister. Horticultural Hall was crowded to the doors by men prominent in the industrial and commercial industries of the city and leading society women. The distinguished oriental diplomat spoke on "American Trade with the Orient," and told his hearers that China was the greatest market in the world for American manufactures. An address on "Women's Work for the Industrial South" was made by Mrs. S. M. Horner of New Orleans.

Important Questions Discussed.

Philadelphia, June 13.—Topics of National interest were discussed at the third day's session of the Southern Industrial convention. One of the most important of these was the "Nicaraguan Canal, and Why it Has Not Been Built." During the debate on this question many sound arguments were advanced in favor of a speedy construction of the waterway. Discussion on the "Mississippi River and its Tributaries," was precipitated in by specially appointed speaker from New Orleans, Memphis, Shreveport, St. Louis, Nashville, Chattanooga, Knoxville, Louisville, Cincinnati, Wheeling, Pittsburg. "How Our Rivers and Harbors Should Be Provided For," was another important subject discussed.

Mexican Antiquities Detained.

City of Mexico, June 13.—The government has ordered the detention of 20 cases containing Mexican antiquities gathered by Prof. Marshall H. Savill of New York. Under the concession granted Prof. Savill he was to be allowed to take out of this country one out of every two objects found at Mitla, but the authorities feel that he has exceeded his limit. Savill is in New York and his boxes are now here.

Guilty of Conspiracy.

Chicago, June 13.—Samuel C. Kanter, David B. Weber and Braman H. Loveless were found guilty here of conspiracy to violate the city civil service law by helping unworthy sergeants to pass the examination for lieutenants. Their punishment in each case will be indeterminate confinement in the penitentiary from one to five years and a \$1000 fine.

Accidentally Shot Himself.

Bonham, Tex., June 13.—At Lamasco a young man named Bailey was seriously shot in the groin. He was exhibiting the weapon to associates and in putting it back into his pocket it was accidentally discharged.
